PASSAU, Germany, Oct. 1.—Amid scenes of rejoicing staged by "liberated Sudetens", troops of the German army marched briskly across the old Czechoslovakian border at 2 p. m. today (8 a. m. E. S. T.), marking Reichsfuehrer Adolf Hitler's greatest diplomatic triumph in his lifelong campaign against Versailles treaty "injustices."

Observing the strictest measures of legality as laid down by the Munich four-power agreement, the Reich army command deferred plans to march across at the stroke of midnight.

Hold 14 Hours
The troops were held back on the German side of the frontier for fourteen hours while an international conference was in session.

PA NEW OBSERVES
Farmers report that the weather recently has been ideal for getting fall work done. The frost has held off until the greater part of the corn has been cut. Early potatoes have been dug, but there are many fields of late potatoes in which the tops are still green. The next job will be buckwheat cutting, but most fields will be allowed to ripen until the frost comes. Buckwheat fields are looking well owing to recent rains.

Reverting to school lunches mentioned yesterday by Pa. News, do you know that apples are an excellent health food? They contain iron, lime and phosphorus, needed for blood and bone formation in growing children. In addition they furnish vitamins A, B, C, and G. The vitamin C content varies with the variety of the apple, and how it is eaten. Usually raw, unpeeled apples have a higher vitamin C content than when the fruit is cooked. Applesauce will have a richer vitamin C content if apples are covered while cooking, and are cooked quickly for short time.

At a political meeting held in Chicago the other day three hundred women were asked regarding their reading habits. All said that they read at least one newspaper. The majority read editorials and politics. Most of the women admitted that they generally read the society page before they did the general news. Probably the same holds good in New Castle. Women are pretty much all alike, except their hats.

France And Germany May Sign Peace Pact

(International News Service)
BERLIN, Oct. 1.—An agreement never to go to war, similar to the historic Anglo-German pact signed by Chancellor Hitler and Prime Minister Neville Chamberlain yesterday, may soon be put into effect between the Reich and France, highly reliable sources indicated today.

This "strong possibility" came to light this morning as the Fuehrer returned to Berlin from Munich following the momentous four-power conference which ended the Sudeten war threat, fixed terms of Germany's annexation of Sudeten areas and brought about the Anglo-German agreement.

Late last night, when he left Munich, Hitler was given a rousing send-off by thousands of Nazis who were whipped to a high pitch of enthusiasm by the prospect that before nightfall, occupation of the Sudetenland by Reich troops will be well under way.

Nazi authorities here said the Franco-German anti war declaration probably would be forthcoming if Premier Edouard Daladier's triumphant return to Paris gives real evidence that France's turbulent internal political situation has developed in his favor.

These same quarters predicted that the European political picture is now destined to advance rapidly—based no longer on the League of Nations but upon a series of bi-lateral agreements in accordance with Hitler's favorite method of settling international issues.

Respite Given Convicted Man
Reprieve Issued In Boston Just As Execution Was Scheduled

WILL PROBE NEW STORY IN CASE

(International News Service)
BOSTON, Oct. 1.—Thirty days more of life were granted today to Oscar V. Bartolini, condemned alleged slayer of Mrs. Graye Griffin Aquilino, East Weymouth "merry widow."

The executive council after a ten-minute session following the first public hearing ever given in this state on a clemency plea for a doomed man, issued a reprieve, effective through October 31. It was the third reprieve granted Bartolini since he was convicted of slaying Mrs. Aquilino at her East Weymouth cottage in September, 1936.

Bartolini had been saved from execution last night by an 11th hour temporary reprieve issued by Lieutenant Governor Francis E. Kelly pending action by the executive council.

Basis for the reprieve was a story by Mrs. Olive Weatherbee, Norwood, that she saw John A. Lyons, missing World war aviator and friend of Mrs. Aquilino, alive after the "merry widow" was murdered.

The state had contended at Bartolini's trial that the 35-year-old former Quincy chief, had murdered Lyons at the same time he slew Mrs. Aquilino.

Bartolini, however, had accused Lyons of the murder.

Smith's committee, comprising himself, Senator George of Georgia, another, unseated purge target, Senators Harrison and Bibbo of Mississippi and Senator Thomas of Oklahoma, waited all afternoon in a White House anteroom and then was informed it would be "impossible" for the president to see them.

First Lord Of Admiralty In Britain Quits

Sir Alfred Duff-Cooper Gives Resignation To Chamberlain

NOT IN AGREEMENT WITH POLICIES

Resignation Is Accepted By Premier—Duff-Cooper Friend Of Eden

By KINGSBURY SMITH
International News Service Staff
Correspondent

LONDON, Oct. 1.—In a sensational revolt against the policies of Prime Minister Neville Chamberlain, hailed elsewhere in the world as responsible for the avoidance of war, Sir Alfred Duff-Cooper resigned as first lord of the admiralty today.

Chamberlain immediately accepted the resignation, expressing belief it would be a mistake for Duff-Cooper to remain in office in view of his disagreement with their government's conduct of foreign affairs.

Follows Eden
In tendering his resignation, Duff-Cooper followed in the footsteps of his close personal friend, Anthony Eden, who resigned as foreign secretary months ago on the grounds he could not condone "compromises" with the dictators.

In his letter of resignation Duff-Cooper said:

"I profoundly distrust the foreign policy which the present government is pursuing, and seems likely to pursue."

In reply Chamberlain wrote: "Knowing you are sincerely convinced that the foreign policy of the present government is a mistake, I agree with you in thinking that it would not be proper for you to remain a member of the government."

First Cloud
Duff-Cooper's resignation threw the first cloud over the world-wide acclaim accorded Prime Minister Chamberlain for his solution of the war-laden Czechoslovakian problem and his unprecedented achievement in effecting a peace pact with Reichsfuehrer Adolf Hitler in which Great Britain and Germany pledged themselves never again to go to war against one another.

There was no previous hint of dissension within Chamberlain's cabinet.

Hold Woman As Witness In Mary Spear Shooting

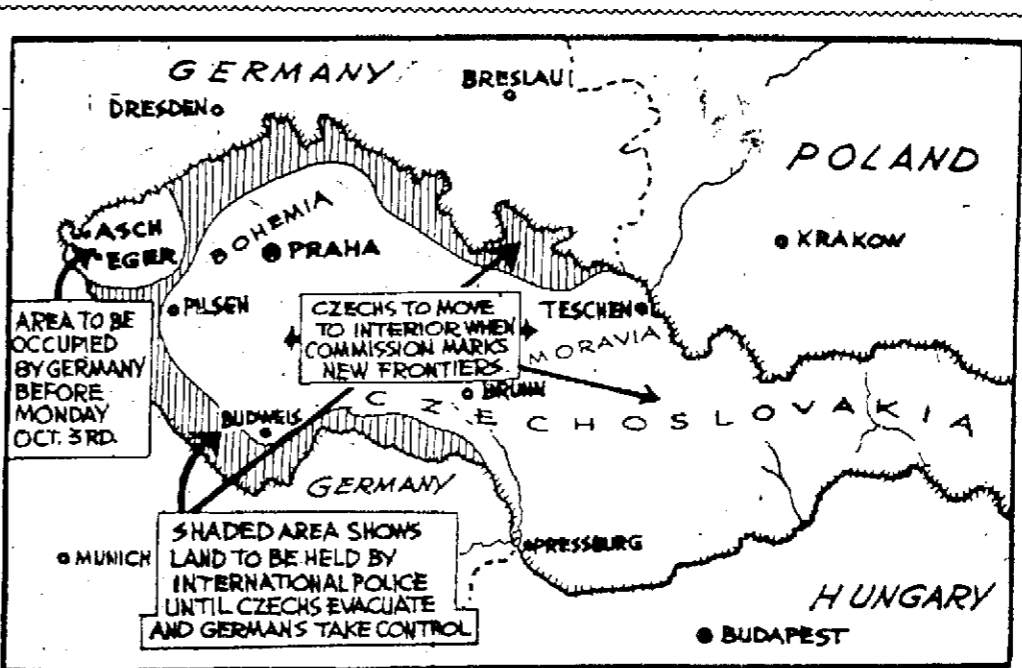

In an information sworn to by Chief of Police Ralph A. Criswell before Alderman Claude Mantz, Friday afternoon, Maude Hicks, 44, of 36½ South Jefferson street, was charged with being a material witness to the murder of Miss Mary Spear, 72, allegedly by "Myrt" Cox, 41, same address, who fled after the crime at 1:30 a. m. Tuesday.

Miss Spear was shot to death with a shotgun. She was committed to the county jail in default of bail.

Before the woman was taken to the alderman's office from the county jail where she was held since informing of the shooting, she told Chief of Detectives Ray Showalter of events at the house preceding and following the killing of the woman.

She described her movements before she alone left her room, visited an apartment, liquor place, and returned to her room. She said she looked into the room occupied by Cox and he was not there. She said she went to bed at 11:15 p. m.

PARIS, Oct. 1.—Demobilization of the millions of French troops called to the colors during the heights of the war, scare will begin next week, it was stated today.

With the immediate war threat past, the process of demobilization and return to normality will begin Wednesday. Authorities hope it will be completed by the end of next week.

Meanwhile, the nation continued its celebration of the Munich peace pact and half a dozen towns, including Versailles where the now virtually scrapped Versailles peace treaty was written 19 years ago, named Prime Minister Neville Chamberlain of Britain an honorary citizen.

It appeared that Chamberlain is almost as great a hero to the French for his part in bringing about the Munich settlement as he is in Britain, where he was acclaimed with such tumult yesterday.

International News Service learned that Britain and France now are planning intensive efforts to bring Premier Mussolini into their political camp. The British and French governments are said to hope they can accomplish this aim before spring.

Czech Government Accepts Demands Made By Poland

Czech Teschen Area Will Now Be Ceded To Poland

POLISH FORCES MASSED ON BORDER

New Threat Of War Is Eliminated As Czechs Bow To Show Of Force

By GEORGE LANGWELL
International News Service Staff

PRAGUE, Oct. 1.—Once again bowing to a threat of force, the Czechoslovakian government today accepted the demands of the Polish government for speedy cession of the Czech Teschen area to Poland.

With German troops poised on the Sudeten frontier, ready to begin occupation of German areas of the Sudetenland, the Czech government felt compelled to accede to a fresh Polish ultimatum, which called for a quick reply to Warsaw's demand for speedy occupation of all Teschen territories inhabited by Poles.

Polish troops were massed along the border when the government here announced it had accepted the terms of the Polish note. It was added, however, that the decision was reached under protest.

New War Threat Eliminated
Warsaw, Oct. 1.—Eliminating a new threat of war at the moment Polish troops were massed in war array at the border, Czechoslovakia again yielded to force today and granted cession of the disputed Teschen area to Poland.

The Polish government formally was advised through diplomatic channels that Polish occupation of the Teschen area may begin tomorrow, the balance to be ceded within ten days and plebiscites held under international auspices in certain doubtful districts.

News of the Czech acceptance was received with jubilation in Warsaw, where the population had become increasingly indignant over Prague's initial refusal to grant this country the same privileges as accorded Nazi Germany in the Sudetenland.

Officially Announced
London, Oct. 1.—Acceptance by the Prague government of Poland's demands for annexation of Czechoslovakia's Teschen territory was announced officially here today.

It also was stated that the American, British and French envoys in Warsaw called at the Polish foreign office and urged moderation in enforcement of the Polish terms.

Pittsburgh Scene Of Sensational Holdup—Owner Of Auto Finally Liberated

BUT BANDITS TAKE HIS CAR WITH THEM

(International News Service)
PITTSBURGH, Oct. 1—Three gunmen early today kidnaped James F. Mullen, of East Liberty, in his own automobile, and forced him to lie on the floor of the machine while they held up two cafes.

One of the bandits stood guard over Mullen while the other two negotiated the two holdups in which several hundred dollars was obtained from the terrorized proprietors and patrons.

Mullen was then driven a mile and a half outside the city and robbed and ejected from his car. He walked back on foot to report to police.

The gunmen were believed the same who held up Dr. Ralph E. Taffel last August 17 and forced him to drive them to a barbecue which they held up.

Mary Spear Goes Out
Everything became quiet and the light in Cox's room went out. She said she believed he had gone somewhere and Miss Spear told Mrs. Hicks she was going to call the police. Mrs. Hicks claims Miss Spear opened the door and went out. Mrs. Hicks bolted the door, heard a mumble and a shot at about the same time.

"I ran behind her bed and started to beg him not to kill me," Mrs. Hicks claims. She said she told Cox she loved him and pleaded with him fearing that he would shoot there and shoot her. After a short time she opened the door and found Mary Spear lying on the floor.

She said in her statement she knelt beside Miss Spear, took her hand and asked: "Mary, honey, are you hurt?" Miss Spear rolled her head to one side. Mrs. Hicks then went to the Post Office lunch and asked that police be called, because Mary Spear had been shot.

Mrs. Hicks' statement said she awaited the police there. She said she could see them at her place of abode and when they started for the Post Office lunch she started toward them. They met her and asked her to accompany them to the police station.

GERMAN TROOPS MARCH ACROSS CZECH BORDER

(Continued From Page One)
tional commission met in Berlin and sanctioned today's occupation of Sudeten areas directly north of Linz and Passau. Reports abroad that the army had "jumped the gun" in advance of this committee meeting were sheerest imagination.

The moment Germany's legal invasion was begun after impatient Sudeteners had waited for hours to greet the black-clad conquerors from across the border, this official announcement was issued:

"German troops under command of General Ritter Von Leeb crossed the former German-Czech frontier at 2 p. m. today (8 a. m. E. S. T.) in the Bohemian forest between Helfenberg and Plusterau."

"The troops began occupation of that section of the territory as laid down in the agreement of September 28."

Until this announcement was issued, indicative of Hitler's apparent determination to respect the lines of the Munich agreement down to the last semi-colon and cross the frontier to plant the Swastika flag on the rich Czech soil which only this week came so close to being drenched with blood.

Few Scouts Went First
A few scouts and engineers had gone over on a scouting and reconnoitering tour to make certain that bridges and railway lines were intact and no explosive mines laid behind by disgruntled Czech elements. But the military occupation was studiously delayed until the final word of approval had come through from Berlin.

The occupational force was estimated at 30,000 men. These troops will occupy about one-fourth of the first zone in the Helfenberg-Finsterau area during the day, the balance of the occupation taking place in successive stages.

As the command was given for the German forces to enter and claim for Hitler the territory and population for which he was willing to risk a world war, Czech troops dropped slowly back.

The positions mapped out for today put the German army on a line directly facing the Czechs about 3,000 yards apart. The Helfenberg-Finsterau zone runs parallel to the new frontier.

Marching with machine-like precision, Hitler's infantry, artillery and anti-aircraft units comprised the occupational forces. Heads erect and banners flying, the first hob-nailed boots went across the line as clocks in border village steeples boomed out the second hour after high noon.

As the German troops marched in Czech troops and police fell back from predominantly German towns such as Eger. Anti-Nazi elements were evacuated under protection of the retreating Czechs.

The department of Forests and Waters at Harrisburg has issued a statement to the effect that municipalities erecting new school buildings are entitled to ornamental trees at a very nominal cost.

The several districts of Lawrence county which are about to erect new buildings, should get in touch with this department. The best time to plant trees is in the fall, and it doesn't matter whether or not the buildings are completed. A year would be gained by getting the trees set out at once.

During a recent trip to the county Pa. News saw a reminder of pioneer days. It was a big barrel in which wood ashes were leached to get lye with which to make soft soap. Ashes, as collected, were thrown into the barrel, covered with water, and the result of the lye-leaching was used to be a common practice on many Lawrence county farms, but it's surprising to find a leaching barrel now. In the old days most farmers used their own scraps to make the soft soap used in washing clothes. Sometimes it was made into hard soap and even used for washing hands and faces. Some of the beauty experts of today would put up a big "holer," if they had to make lye look lovely with home-made soap.

Incidentally the drivers of beer trucks seem to be among the worst offenders.

of steel rails connecting the west with the east, he ran away from home and took a job driving a provision wagon, a twelve mule affair.

After working on construction work for a while the sea called him and he shipped out aboard a sea going vessel. From an oiler's position he worked his way to the position of chief engineer of a White Star liner plying between Liverpool and Montreal.

After a time the glamor of the sea wore thin and he came back to a landlubber's life in the United States. His first job was that of a trainman on the Philadelphia and Reading Railroad (now a part of the B. & O.).

Promotion to a conductor followed but after a time the romance of the locomotive beckoned and he switched over to a fireman's job on the Philadelphia division of the B. & O.

Comes West
Later he was sent to Connellysburg as an engineer and about 26 years ago came to New Castle when the Baltimore and Ohio took over the old Pittsburgh and Western. Skilled engineers were needed and Mr. Armstrong was assigned to New Castle. Save for a couple of years spent as an assistant road foreman of engines, he has been on the right side of a rail ever since.

He has handled them all. "Tinypots" in the yards, "freight hogs" on the road, little hand fired engines up to the giant super heaters. Then came the Diesels a few years ago and two of the crack engineers of the system were selected to learn the intricacies of these sleek monsters. One of them was a Pittsburgh boy who started Diesel service about two weeks before Mr. Armstrong.

Mr. Armstrong was the second and engineer of the B&O system who was assigned to Diesel service.

Hauled Capitol Limited
One of the best commentaries of his skill at the throttle is the fact that for fifteen years he has hauled the Capitol Limited, the pride and joy of the Baltimore and Ohio. One of the high spots of the life of the writer of this article was a ride from New Castle to Willard aboard a Diesel with Mr. Armstrong at the throttle. It was an experience that stands out in vivid recollection.

But Ben Armstrong impressed the newspaper man was the ease and skill with which he handled those flying tons of steel at a seventy mile speed.

His record as an engineer is one of the kind that gives railroad transportation the high standard of safety it has. About the only mark on his record over the years is the dust which has accumulated on the pages in the nearly half a century he has been a railroad.

Ronald Colman And New Bride Are On Honeymoon

(International News Service)
HOLLYWOOD, Oct. 1—Ronald Colman, handsome British actor, and his new bride, Benita Hume, beautiful brunette, were honeymooning today.

And their marriage was a complete surprise to practically all of Hollywood, although Colman, usually strictly conservative and uncommunicative never made any secret of his love for Miss Hume.

Since his first marriage to Thelma Raye Coleman, the actor had long been wary of any feminine attachments. He lived as little in the limelight as possible although he is a top ranking star of filmdom.

The two were married at a quiet ceremony last night at the home of Mrs. Alvin Weingart of Montecito, with only William Hawks, Colman's agent, and Heather Thatcher, close friend of Miss Hume, present.

Sex-Masquerade Case Is Revealed

LOS ANGELES, Oct. 1—One of the strangest sex-masquerade cases on record was exposed today.

Center of the bizarre mystery was Michael "Mickey" Higgins, 22, employed for six years as a man and suddenly discovered to be a woman. He had been arrested on grand theft and fraud charges.

His "wife," Betty Harvey Higgins, who said she married him four years ago, told Attorney Jerome Ralston that the revelation was a complete surprise to her, and insisted that she never suspected that her "husband" was a woman.

Higgins was detected when taken to jail on charges of thefting money from a garage where "he" worked.

County Will Be Well Represented At Clearfield, Pa.

State Sabbath School Association
Convention Opening
October 11

Lawrence county will have a good representation at the 75th annual convention of the Pennsylvania State Sabbath School Association, which is to be held at Clearfield, Pa., October 11, 12, 13 and 14.

The expense of attending the state convention this year is very moderate since the convention city is only 125 miles from New Castle. The best route is by way of Harrisville, Barkeville, Emmenton, Brookville, Reynoldsville and Curwensville into Clearfield.

It is thought that every one of the 8 districts comprising the Lawrence County Sabbath School Association, will send delegates and many of the churches of New Castle are also sending delegates and in most cases are taking care of the small cost of sending one or more delegates.

The first session of the convention will be held Tuesday evening October 11, to afford daytime driving through the most beautiful scenic sections of the state. The registration committee will be ready to assign delegates any time after noon on October 11.

The plan is for those securing transportation to and return from Clearfield to pay \$3. Those having cars wishing to take additional delegates can call Mrs. D. W. Nesbit, phone 658, and those wishing transportation may also get in touch with her.

The cost of attending the convention is \$3 for transportation; \$1 for registration which admits to all sessions of the convention and includes song book, other material and year's subscription to the Pennsylvania Herald; other expenses, night's lodging and breakfast for 3 nights, and cost of other meals.

Normal Trade Relations With Germany Seen

By ROBERT G. NIXON
International News Service Staff Correspondent

WASHINGTON, Oct. 1.—Restoration of normal and friendly trade relations between the United States and Germany is expected to follow the European peace negotiated at the Munich Four-Power Conference.

International News Service was informed on high authority today that such would be a "normal" development arising from a general appeasement of European differences.

Germany is the lone nation on America's trade "blacklist," a position gained by practices considered discriminatory by this government.

Authorities here today said they believe the way has been opened for an entirely new departure in world economic and trade relations. Now that the grim shadow of war has been removed, the world can look toward peace pursuits, with expansion of world trade under bonds of friendship, they said.

A reciprocal trade pact between the United States and Germany may conceivably be in prospect for the future, it was indicated.

Baby Chimpanzee
Is Rescued Today
From Foster Mother

(International News Service)
NEW ORLEANS, La., Oct. 1.—After many previous efforts had failed, zoo keepers today succeeded in rescuing a baby chimpanzee which had been held captive for three days from a self-appointed foster mother, Lorette, a huge female chimpanzee.

Zoo keepers finally succeeded in roping the chimpanzee, and while attendants held her with ropes, J. J. Margiotti rescued the baby.

Rescue came just in time, for zoo attendants said the baby chimpanzee probably would have died within 24 hours had it not been rescued and fed today.

The trouble started last Wednesday when Pete and Coco, parents of the baby chimpanzee, encountered domestic difficulties. So fierce was the argument Pete attempted to kill the baby chimpanzee. Then it was that Lorette stepped in, warded off the irate father and seized the baby.

Lo-shan Peng, who will speak on Monday night in the senior high school auditorium along with Miss Hui-ming Yang, is just a young man but he has been doing a lot of living since receiving his B. A. degree from Nanking University in 1931.

He was dean of the rural Workers Training Institute of the Hopping Middle school in Hunan province from 1932 to 1937, served as interpreter for John R. Mott, Sherwood Eddy and E. Stanley Jones during their tour of China; was program secretary for the Y. M. C. A. in Hangchow from 1933 to 1935; then came to the United States to study and received his Bachelor of Theology degree from Auburn Theological Seminary, Auburn, N. Y., in 1937.

Upon his return to China in 37, the Sino-Japanese war broke out, and besides his Y. M. C. A. work, Mr. Peng has been carrying on various relief activities.

As general secretary of the Emergency Relief Committee of the Wuhan Christian church, Mr. Peng has been under his care six refugee camps. Besides this, he has been head of the Y. M. C. A. stretcher corps which cared for bombing victims in Hangchow for a few days last September. Mr. Peng worked day and night, caring for as many as 500 casualties a day. He also secured funds to carry on his program work among the refugees and wounded, organizing them into clubs and giving them entertainment.

LO-SHAN PENG

Mr. Peng has a charming wife and three children. He was born in 1906 in Saingyang, Hupeh Province. The exciting appearance of the two Chinese visitors in New Castle is being sponsored by local religious and civic organizations. No admission charge, free will offering for Chinese civilian relief. Rev. and Mrs. Frank S. Neigh Hurt When Tire Blows Out Near Union City

Word was received here today by friends telling of the injury of Rev. and Mrs. Frank S. Neigh, of Milton street, this city. According to the communication, Rev. Neigh was en route to Union City, where he was to speak Thursday evening, when the accident occurred.

Rev. Neigh writes that the rear tire on his automobile blew out just two and one-half miles outside of Union City. This caused the car to swerve off the highway and it went over an embankment, turning over several times. The automobile was badly wrecked according to the communication.

Both Rev. and Mrs. Neigh were injured by the wreck, but Mrs. Neigh received the most serious injuries. Full extent of their injuries was not contained in the communication received here, but it stated that they will not be able to return to New Castle for Sunday.

Pirates Still Have Chance To Grab Off Flag

Today's Game May Tell Tale, Pirates Can't Afford To Lose To Reds

SPLIT EVEN IN DOUBLE-HEADER

By PAT ROBINSON
International News Service Sports Writer

NEW YORK, Oct. 1.—Which is it to be—Cubs or Pirates?

We may know the answer by tonight. If not, we surely will know by tomorrow night for the season ends tomorrow, regardless of unplayed games.

Let's speculate on the possibilities of this dizzying, all National League races. The Cubs have three games to play with the Cardinals; the Pirates have two with the Reds. If the Cubs win two games they will win the pennant no matter what the Pirates do.

These if's
If the Cubs win only one game of the three, the Pirates could win by taking both their remaining games. The final standing then would read:
Pirates Won Lost Pct.
Cubs 88 62 .586
Cubs 89 63 .585

But if the Pirates lose one of their two remaining games, then the Cubs need only one victory to clinch the pennant.

The chances are all in favor of the Cubs. Still, if the Pirates can win both their games, it is by no means a certainty that the Cubs can take two games from the care-free Cardinals.

Pirates Win One

The Pirates could get no better than an even break with the Reds yesterday when Paul Derringer led them to five hits and beat them 7-1 for his 21st victory. Russ Bauers then turned the four-hits, 4-3 victory for the Pirates.

Meanwhile, the Cubs were getting off to a long lead against the Cards but wound up in a 7-7 tie, the game being called at the end of the ninth by darkness.

Union Eleven Ties Reserves

Scotland Laners Impressive In 12-12 Tie, Friday Afternoon At Union Field

GREER SCORES FOR RESERVES

Union Township high school's 1938 football team made its debut, Friday afternoon, at Union field, holding the New Castle High Reserves to a 12-12 deadlock.

The Scotland Lane Blue and White clad warriors presented a smooth running attack. As early as the first period, Union commenced to click. In the second, Smith rifled a pass to Calzavara, left end, who stepped over for Union's initial touchdown of the season. Again in the third, Union moved the ball deep into their opponents' territory. From the 28, McGary, a substitute dashed around end to the 20. Elected to carry the pigskin again, McGary sent the gallery wild as he eluded one tackler after another, finally crossing the final chalk stripe.

The Reserves crossed paydirt in the third period. Greer, on a lateral, dashed to the 20, from the 40, Greer zig-zagged around end for the first Reserves touchdown. The Hurricane Reserves rallied in the final quarter to deadlock matters. On an almost unstoppable drive, the Reserves marched to the one foot line, where Union held. Right back they came, knocking on Union's door. Davis flipped a pass to Davis, who moved it his way to the Union 5. Greer then went through center to the 4. On a third attempt, Greer finally crossed the last chalk mark.

The game was exciting throughout. For Union, the playing of Calzavara, Plonka and Sniezek was outstanding on the line. Dewberry and Severa did quite well in the backfield. Greer was a tower of strength on the Reserve lineup. Thompson and Deep played well on the forward line.

The lineup:
Union 12..... N. C. Reserves 12
Chiazza..... L. F. Rydzinski

Franklin Game Is Moved Up

Ben Franklin Junior High football team will play the Shenandoah High Reserves at the Taggart Stadium on the afternoon of next Thursday, October 6 instead of the original date of a week from next Monday.

It was announced by Assistant Coach Bill Wallace today.

GENDER SCORES LONE TOUCHDOWN OF GAME

(Continued From Page Twelve)

to lateral to Welch, "Chuck" Ciaella pounced on it as Welch got befuddled. It was on the Beaver Falls 16. Lauro made three at the line. Gender picked up a yard. Roberts no gain, and Lauro made a yard, and it was Beaver Falls' ball on its own 11-yard line.

Capozza made four through the New Castle line. He added two more, then kicked to New Castle. but on the play several New Castle men pounced on Capozza before it was time, and the locals were penalized 15 yards for roughing the kicker. It made it Beaver Falls' first down on its own 27-yard mark.

Wrona came in for Luciente. Triber replaced Partington at end for the Falls. Welch made five yards at tackle. Capozza passed to Bentley, good for six yards, on the Beaver Falls 40. It was a first down. Capozza at center made eight yards on a double pass. Welch lost two. Capozza booted to New Castle on the locals 12-yard line, a very lovely kick, as the third period closed. New Castle 6, Beaver Falls 0.

Fourth Period.
New Castle started the final period with the ball on its own 12. Gender promptly booted it to the Wallomen on the Beaver Falls 47 for a nice piece of booting. Capozza made four yards at left tackle. Capozza made five more to the locals 45. Gender got in the way of a pass from Capozza, intended for one of his mates, and returned to the New Castle 47. Lauro went through to the Beaver Falls 43. Gender was stopped by Bentley.

Gender flopped a flip to Kuhn's that was incomplete. Lauro made no gain at the line. Gender kicked to the Beaver Falls 20. Lyons and Capozza made it a first down on the Beaver Falls 30. There were just five minutes of the game to play. Capozza punted to Roberts. The New Castle safety man, on the 27.

Gender threw a pass to Lauro that was grounded. There were four minutes left to play. Lauro gained three yards at the line. Gender made it a first down on the New Castle 38. Lauro made three yards. Lauro again hit center and made his way to the New Castle 49. It was a first down. Lauro lateraled to Gender for a yard gain.

The time was getting shorter. Lauro made a first down on the Beaver Falls 32. Gender ripped through for four yards, and Lauro made three more, then Gender picked up a first down on the Beaver Falls 22, but the game was over. New Castle 6, Beaver Falls 0.

We nominate for good work on the New Castle line Jim Rucker, "Dynamite" Castrucci and Steve Kuhn. On the Beaver Falls side, this man Bentley played a lot of football, and so did Manzetti. In the backfield for the Beaver Falls team this chap Angelo Capozza was about the whole works, but Welch and Householder also did good work. For New Castle the backfield play of Larry Roberts, Joe Gender and Lindy Lauro was very good; but really there were no standouts on either side.

Little Bits Of This And That About Ellwood

Franklin township jurors selected were W. H. Gerwig, J. A. Ritter, R. E. Milford, Harold Steffler and Kenneth Hazen and from Marlor township were William Goehring, Jr., and Alvah McDanel.

Both of the local clubs have devoted their time to sewing and the Matheny club will have a display of completed articles. The Wurtemberg club will take part in the program presenting musical selections. Mrs. A. J. Musseman and Mrs. Alice Fappas have been the local leaders.

An announcement of the opening of Golf avenue today, one of the main streets of Ellport, was received with satisfaction by residents of that section. Other streets of the town are in process of improvements of the same type.

FROM ME TO YOU
By MESEALL

The football team won again last night... some are, no doubt, wondering why their play was not up and above the standard... they played just straight football... you know there's no use in giving up all the tricks... the stands were filled with scouts from the surrounding territory. We have some rather interesting games ahead and Coach Bridenbaugh and his boys are going to do their best to give you a winning team at the close of the season... even if they don't we will think just by being good sports.

The police work in the stadium and all over the field was handled with a great deal of good judgment. And to the city police... the traffic problem after the game has no comment, from what we can gather. Your men showed the intelligence which they contain, but the motoring public still have a few smart drivers... they still insist on blowing their horns when traffic stops. What satisfaction they receive is beyond me. They all know that it doesn't help anyone or anything to sit on the horn. And, my friends, it is not always the high school student that is at fault.

We have been harping on this thing and that... about this condition and that... some say we are wrong in saying some things... especially when it's about them... many times we have called our punches... but there is one thing that this column will not call its punches on... and that is this campaign, "Buy in New Castle." If everyone would just make up their mind to go to work, town from now till Christmas... more people would go to work. We agree it's nice to go away and shop in strange stores... but why not just shop with your eyes... leave the shopping pocket-book at home... then come back home. Nine times out of ten you will see the same thing right here in town.

If anyone has a good reason why you should buy out of town... why not write us a letter. We would like to know how you folks think about the idea. Please sign all communications... your name will not be used if you say not to.

Market Reaches
New High GroundGains In Market Today Run
From 1 To 3 Points And
Better Among LeadersBy LESLIE GOULD
International News Service
Financial Writer

NEW YORK, Oct. 1.—In its fourth straight advance on the European peace news the stock market today climbed into new ground for the week, with a few individuals reaching new tops for the year.

Gains ran to more than 3 points in pivotal issues, the market opening higher and continuing upward through most of the two-hour session. Trading was at a fairly active pace for a Saturday, 420,000 shares changing hands in the first hour. The ticker ran late at the close.

Stocks, motors, chemicals, building shares and blue-chips set the pace for a continuation of the advance.

Du Pont featured on a rise of better than 2 points into new high ground for the year.

Gains of 1 to 2 points were shown by Chrysler, U. S. Steel, American Can, Westinghouse, U. S. Gypsum, Libbey-Owens-Ford and Montgomery Ward.

Grain prices again were easier. Wheat slipped fractionally at Chicago, Minneapolis and Winnipeg, while corn dropped close to a cent a bushel. Cotton also dipped a few points, but other commodities were quiet and steady.

The bond market was led upward by second-grade rail bonds. The foreign list was moderately active with prices slightly higher on the average. U. S. government obligations were dull.

There are many cures for rheumatism—and it usually lingers long enough to give the victim a chance to use them all.

Cat Displays Inclination
To Operate Typewriter
And Adding Machine

Mr. and Mrs. J. E. Oesterling, of the East Brook-Harbor road, are the possessors of a commercially minded cat. Having a background of Persian thoroughbreds, "Fluffy" is a lovely specimen of that feline type, with her silky lustrous fur of a cinnamon color; although she is most likely the first member of the clan to be of a business, either clerical or secretarial, frame of mind.

Possessing both an adding machine and a typewriter, the Oesterlings are unable to assume the correct attitude toward the cat as to whether these things are a blessing and an aid, or simply pieces of ill fortune, as the irresistible attraction which "Fluffy" has toward them is somewhat annoying. Sitting and gazing at the mechanisms for a long period of time if unwatched, she will end the vigil with a long sweeping leap to the top of either or make a leaping perch on the chosen one, until chased away by a member of the family.

While the typewriter is being used, she steals stealthily near and suddenly, without warning, jumps in a

Report Some Cases Of
'Football Hoodlumism'

It takes a lot of things to make a successful football team. Good players, a good band, proper facilities, efficient handling, and then with all those in the bag, it takes one more important thing, perhaps the most important of all, a crowd of sportsman rooters.

Unfortunately every football team is followed by a coterie of "tin horns" who must vent their spleen upon the visiting team, and upon the visiting rooters. But always the "tin horn" does it in the shelter of the mob where he cannot be called upon to defend himself.

Like every other football team here, New Castle high school team is plagued with some of this type of follower. No matter how hard New

Castle plays, no matter how clean the game, no matter the score, the period after the game is usually marked by incidents that bespeak the type of persons involved.

This year has seen untoward incidents. Muscles have been bunched at players and visitors after the game and in some instances, examples of cowardly attacks are related.

New Castle wants hard, clean football, but it has no time for the hoodlumism that sometimes follows the game. Unless it is stopped the reputation of the team and school will suffer. No matter who is responsible, the school and the city get the stigma, from outsiders, and such conduct should be stopped.

Plan To Deport
Mother, Husband;
Child Distraught

(International News Service)
CAMDEN, N. J., Oct. 1.—A distraught husband and a wondering nine-year-old daughter who thinks "momma has gone away for her health" were left behind today because immigration authorities finally "caught up" with 36-year-old Mrs. Edith Hunt.

Charged with illegally entering the United States from Canada in 1927, Mrs. Hunt was ordered to Ellis Island for immediate deportation to Ireland. Immigration authorities said the woman's arrest after a quarrel with a neighbor led to their interest in the case.

Mrs. Hunt collapsed in the Camden sheriff's office after kissing her daughter good-bye. If she ever sees her child and husband again, it must be when they visit Ireland, immigration officials said.

"A Tisket, A Tasket
A Baby In A Basket"

(International News Service)
PITTSBURGH, Oct. 1.—"A tisket, a tasket, a baby in a basket."

So ran the new version of the old nursery rhyme today at the Rosalia founding home where nuns were caring for a sturdy, seven-pound baby boy left, in a big market basket on the doorstep of the parish house of St. Paulinus Catholic church in Clairton with a \$2 bill and a rosary pinned to his jacket.

A physician at the Rosalia home where he was soon taken suggested he be named "Buck" because somebody was evidently "passing the buck." "Buck" it is for the six-week-old infant.

Job Office Placed
281 During August

The New Castle Branch office of the state employment service placed 281 persons in jobs—86 in private work and 195 in public jobs—during August. Manager Joseph R. Hensley reported today. The 195 assigned to "public" jobs went to work on state highway contract or federal aid highway projects. Industry absorbed these given "private" placement.

Hensley said he believes local industrial conditions are improving. He reported that unemployment compensation claims here have been dropping off for several weeks.

The office in the Citizens Bank building had 11,686 visitors in August. Officials referred 428 applicants to jobs that month and 281 of the number found work.

(International News Service)
SCRANTON, Pa., Oct. 1.—The postman rang twice—always with a smile—and lo behold, \$1000 fell into his hands.

That was the story in short today behind the \$1,000 bequeathed to John J. Meehan, 42 Scranton mail carrier, by Mrs. Helen Labar, aged woman who died recently.

Mrs. Labar bequeathed the money to Meehan for greeting her with a smile and a kind word for the past 14 years.

"Smiles pay dividends," remarked Meehan appropriately, is the postal department's slogan.

BOW AS VITAL
AS THE FIDDLE,
SAYS VIOLINIST

HAMILTON, Bermuda.—A fiddle is no better than its bow, Brian Zimbell, famed concert violinist revealed in a visit here.

In many instances, he said, the instrument is praised for its tone qualities by musicians who overlook the bow's importance. Bows frequently cost their owners as much as \$1,000.

"There's more in a bow than the hair and wood," explained the virtuoso. "For without a good bow a violinist is helpless in a tonal sense and greatly hampered in a technical way."

Thrilling Rescue at Sea

Huddled in a lifeboat of the *Deutschland* is Mrs. Martha Bach (arrow) of Hubbard Woods, Ill., who was rescued after twenty minutes in the water. Mrs. Bach, depressed by events in Europe, plunged from porthole of her cabin as the vessel approached New York.
